The Department of Corrections uses the computer donations to provide training to inmates, who disassemble obsolete components for recycling and refurbish usable computers for resale to schools and non-profit organizations. Donation slips are available at each collection site.

If possible, please include all cables, connectors, and manuals with the equipment.

Items not accepted are copiers, ink cartridges, phones, radios and other electronic devices.

These sites are for residential computers only. Businesses can call (262) 896-8300 or visit www.waukeshacounty.gov/recycling for more information.
